

REMARKS

Applicants are amending Paragraph [0002] at page 1, line 5, to correct a typographical error in a reference number related to a related priority application. The error was present in applicants' originally filed specification and in applicants' original Declaration & Power of Attorney. In particular, one of the applications under which priority was claimed was U.S. Provisional Application Serial No. 60/506,846. Subsequently, applicants' attorney discovered that two digits in the priority application Serial No. had been transposed. Applicants are therefore amending the specification at page 1, line 6, to recite the correct Serial No. for the priority document, which is 60/506,864. Applicants are also submitting a Substitute Declaration & Power of Attorney which has been corrected to show the correct Serial No. for the priority document.

In addition, applicants are amending Paragraph [0002] at page 1, line 6, to correct reference to a related priority application which is correctly stated on the Declaration & Power of Attorney, but which is misnumbered in the application.

Applicants believe that all pending claims in the application are in condition for allowance, and the Examiner is respectfully requested to enter the requested amendments and to pass the application to allowance. The Examiner is invited to contact applicants' attorney with any questions or suggestions, at the telephone number provided below.

Respectfully Submitted,
